### Writer's Notebook Entries

Children wrote these entries after reading "The Kite." Writing responses provides them the opportunity to write and share their personal reactions to what they've read. Some children made connections to their own lives; others copied their favorite part of the story.

Dayziah makes a connection between the story and a personal experience. In addition, Dayziah proofreads the entry, changing *bike* to *skates*, and then correcting the spelling of *skates*.

The Kite  
I Keep TRYING to  
ride my bike.

Devin makes a connection to his life in his entry.

For Javier's entry, he copied his favorite part of the selection and drew a picture to go with it.
