

Comprehension Strategies

Introducing Strategy Use

Teacher Modeling

4 Asking Questions *Are there different kinds of storms? Are the winds different in different kinds of storms? Let's keep reading to see if the selection tells us about this.*

Teacher Modeling

5 Asking Questions *Our questions about storms were answered on these pages. Now we know that there are different kinds of storms and different kinds of winds.*

Storm Clouds Gather

The wind grows stronger, and dark **storm** clouds gather high up in the air. The ocean **4** forms **peaks**, and the water becomes rough.

30

Dust Storms

Strong winds can lift dust up from the ground. Sometimes, in the afternoon, it seems like it is nighttime.
