

## Comprehension Strategies

### Introducing Strategy Use

#### Teacher Modeling

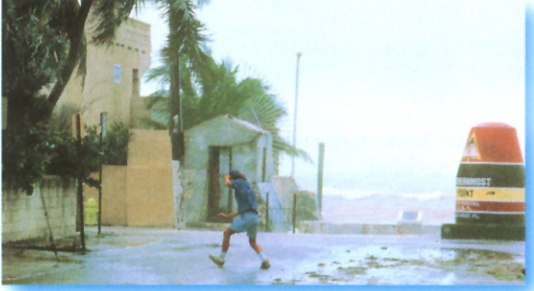

**6 Asking Questions** *I'm not sure why we would have to stay inside during a blizzard. Let's look at the page and the picture again. Now I can see why being outside is not a good idea—the snow and wind look very dangerous and cold. By rereading the page, I was able to clarify an idea that confused me at first.*

### Hurricanes

Sometimes swirling storms form over a warm ocean. They travel toward land and become bigger and faster.

When winds reach 75 miles per hour, the storm is called a **hurricane**.

34

### Storm Damage

Strong winds are very powerful. They can destroy crops, blow down trees, and damage buildings. Sometimes people and animals die.
